INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Santa Clara County Central Fire Protection District
Los Gatos, California

We have audited the accompanying financial statements of the governmental activities, major fund and the aggregate remaining fund information of the Santa Clara County Central Fire Protection District (the "District"), a component unit of the County of Santa Clara, as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *State Controller's Minimum Audit Requirements for California Special Districts*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, major fund and the aggregate remaining fund information of the Santa Clara County Central Fire Protection District, as of June 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 27, 2010, on our consideration of the Santa Clara County Central Fire Protection District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedule, and schedules of funding progress be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis
(Required Supplementary Information)

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

This section of the Santa Clara County Central Fire Protection District (the "District") annual financial report presents a discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2010. The District's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosure following this section.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded liabilities at the close of the 2009-2010 fiscal year by \$15,747,219 (*net assets*). Of this amount, negative \$11,101,391 (*unrestricted net assets*) represents the District's current inability to meet its long term obligation to fund the cost of its retiree medical program, and \$26,848,610 is invested in capital assets, net of related debt.
- The District's total net assets decreased by \$8,737,842, mainly due to the increase in net OPEB (Other Post-Employment Benefits) obligation of \$10.9 million.
- As of June 30, 2010, the District's governmental funds reported combined ending fund balances of \$14,522,964, a decrease of \$2,928,471 in comparison with the prior year. All of the combined fund balances are available to meet the District's current and future needs (*unreserved fund balance*). District management has set aside \$1.2 million for future and \$2.3 million for OPEB expenditures.
- At the end of the fiscal year, unreserved fund balance for the general fund was \$14,522,964 or 18% of total general fund expenditures.
- The District's total long-term debt increased by \$11 million in comparison with the prior year. The increase is mainly related to the increase in the District's net OPEB obligation.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: (1) **Government-wide** financial statements, (2) **Fund** financial statements, and (3) **Notes** to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all District assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether or not the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

Both of these government-wide financial statements distinguish functions of the District that are principally supported by property taxes and assessments, and charges for services (*governmental activities*). The only governmental activity of the District is public protection. The District does not have any business-type activities.

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts which are used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements—i.e. most of the District's basic services are reported in governmental funds. These statements, however, focus on (1) how cash and other financial assets can readily be converted to available resources and (2) the balances left at year-end that are available for spending. Such information may be useful in determining what financial resources are available in the near future to finance the District's programs.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains a governmental fund, the general fund. If there were other types of governmental funds, the information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, which is considered to be a major fund. Data from the remaining non-major governmental funds would be in a single presentation.

Proprietary funds are generally used to account for services for which the District charges customers—either outside customers, or internal units or departments of the District. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The District maintains a type of proprietary fund, the health benefit fund which is an internal service fund.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses an internal service fund to account for its health benefit function. Because this service predominantly benefits governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements. The internal service fund is presented in the proprietary fund financial statements.

Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds except for agency funds. The District has a fiduciary fund, the workers compensation fund which is a trust fund.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

Required Supplementary Information

The required supplementary information is presented concerning the District's budgetary comparison schedule. The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. For the District, assets exceeded liabilities by \$15,747,219 at the close of the current fiscal year.

	Net Assets		
	<u>2010</u>	<u>2009</u>	<u>Increase/ (Decrease)</u>
	<u>Governmental Activities</u>		
Assets:			
Current assets	\$19,439,599	\$22,357,896	(13%)
Other assets	4,181,405	-	n/a
Capital assets, net	<u>29,408,610</u>	<u>28,225,172</u>	4%

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

Analysis of Net Assets

The larger portion of the District's net assets, \$26,848,610 or 170%, reflects its investment in capital assets (e.g. land, buildings, improvements, vehicles, machinery, equipment, and furnishings). The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of unrestricted net assets is a negative \$11,101,391 or -70%, which means the District is not currently able to meet its long-term obligation to fund its retiree medical program.

At the end of the current fiscal year, the District reported a positive balance in one of the two categories of net assets.

Changes in Net Assets

	<u>Governmental Activities</u>

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

Analysis of Changes in Net Assets

Governmental activities decreased the District's net assets by \$8,737,842 thereby accounting for 100% of the total decrease in net assets of the District. Key elements of this decrease are as follows:

- Charges for services increased \$1,672,647 or 6% due to rate increases included in the contracts with various cities and districts for fire service.
- Property taxes decreased \$1,355,577 or 3% due to declining property values within the District's boundaries and the annexation of certain unincorporated parcels into the boundaries of neighboring cities.
- Intergovernmental revenues increased \$292,290 or 36% due to increased participation in State and federal grant programs.
- Interest and investment income decreased \$149,046 or 49% due to the lower interest rate market available for the reinvestment of surplus cash.
- Miscellaneous revenues increased \$790,897 or 447% due to a change in how the District accounts for co-payments for retiree dependent medical coverage.
- Public protection expense increased \$1,174,684 or 1% due to negotiated salary increases with the District's represented bargaining unit that was partially offset by a reduction in capital expenditures.

Although expenditures for certain functional categories reflected increases to parallel inflation and growth in the demand for services; overall, expenditures for governmental activities remained essentially flat when compared to the prior fiscal year.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The type of governmental fund reported by the District is the General Fund.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

At June 30, 2010, the District's governmental funds reported an ending fund balance of \$14,522,964, a decrease of \$2,928,471 in comparison with the prior year. All of the combined ending fund balance is classified as unreserved fund balance, which is available to meet the District's current and future needs, although \$1.2 million and \$2.3 million are designated for future and OPEB expenditures, respectively.

The general fund is the chief operating fund of the District. At June 30, 2010, the \$14,522,964 ending fund balance in the governmental funds is attributable to the general fund. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. The general fund's unreserved and total fund balance represents 18% of general fund expenditures of \$79,812,430.

Revenues for governmental functions totaled \$76,880,623 in fiscal year 2009-2010, which represents a decrease of \$3,010,887 or 4% from the previous fiscal year. Expenditures for governmental functions, totaling \$79,812,430, increased by \$1,473,510 or 2% from the previous fiscal year. In fiscal year 2009-2010, expenditures for governmental functions exceeded revenues by \$2,931,807.

The following table presents the amount of revenues from various sources as well as increases or decreases from the prior year.

Revenues Classified by Source
Governmental Funds

<u>Revenues by Source</u>	<u>FY 2010</u>		<u>FY 2009</u>		<u>Increase/(Decrease)</u>	
	<u>Amount</u>	<u>% of Total</u>	<u>Amount</u>	<u>% of Total</u>	<u>Amount</u>	<u>% of Change</u>
Property taxes and assessments	\$46,210,714	60%	\$51,747,696	65%	(\$5,536,982)	(11%)
Licenses and permits	424,614	1%	489,442	1%	(64,828)	(13%)
Intergovernmental revenues	1,107,431	1%	815,141	1%	292,290	36%
Use of money and property	189,784	1%	353,457	0%	(163,673)	(46%)
Charges for services	27,981,490	36%	26,308,843	33%	1,672,647	6%
Miscellaneous revenues	<u>966,590</u>	<u>1%</u>	<u>176,931</u>	<u>0%</u>	<u>789,659</u>	446%
Total	<u>\$76,880,623</u>	<u>100%</u>	<u>\$79,891,510</u>	<u>100%</u>	<u>(\$3,010,887)</u>	<u>(4%)</u>

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

The following provides an explanation of revenues by source that changed significantly over the prior year.

- Property taxes and assessments – Decreased due to a temporary reallocation of District property taxes to the State of California, annexation of certain unincorporated parcels out of the District and into neighboring cities, and a decline in property values in certain areas of the District.
- Intergovernmental revenues – Increased due to increased participation in State and federal grant programs.
- Use of money and property – Decreased due to the lower interest rate market available for the reinvestment of surplus cash.
- Charges for services – Increased due to rate increases included in the contracts with various cities and districts for fire protection services.
- Miscellaneous revenues – Increase due to a change in how the District accounts for co-payments for retiree dependent medical coverage.

The following table presents expenditures by function compared to prior year amounts.

Expenditures by Function
Governmental Funds

<u>Expenditures by Function</u>	<u>FY 2010</u>		<u>FY 2009</u>		<u>Increase/(Decrease)</u>	
	<u>Amount</u>	<u>% of Total</u>	<u>Amount</u>	<u>% of Total</u>	<u>Amount</u>	<u>% of Change</u>
Public protection	\$76,586,959	96%	\$73,835,415	94%	\$2,751,544	4%
Capital outlay	2,802,673	4%	4,078,667	5%	(1,275,994)	(31%)
Debt service – principal	290,000	0%	280,000	1%	10,000	4%
Debt service – interest	<u>132,798</u>	<u>0%</u>	<u>144,838</u>	<u>0%</u>	(<u>12,040</u>)	(8%)
Total	<u>\$79,812,430</u>	<u>100%</u>	<u>\$78,338,920</u>	<u>100%</u>	<u>\$1,473,510</u>	2%

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

The following provides an explanation of expenditures by function that changed significantly over the prior year.

- Public protection – Increased due to negotiated salary increases with the District's represented bargaining unit.
- Capital outlay – Decreased due to large expenditures related to the construction of the Shannon Maintenance Building in the prior fiscal year that were not present in the current fiscal year.

The current year change in fund balance is presented below:

Statement of Revenues, Expenditures, and Changes in Fund Balances
Governmental Funds

	<u>Major Fund</u> General <u>Fund</u>
Revenues	\$76,880,623
Expenditures	(79,812,430)
Net other financing sources (uses)	<u>3,336</u>
Net change in fund balances	(2,928,471)
Fund balances, beginning	<u>17,451,435</u>
Fund balances, ending	<u>\$14,522,964</u>

The fund balance in the District's General Fund decreased by \$2,928,471 during the fiscal year. The decrease is mainly due to a \$4.2 million transfer of District property tax revenue to the State of California. Authority to transfer the funds was included in the legislation enacted to adopt the State's FY10 budget and is required to be repaid to the District with interest by 2013. As noted above, the District's general fund public protection expenditures increased by 4% due to negotiated salary increases with the District's represented bargaining unit. Overall, the general fund's performance resulted in a net decrease in fund balance for the fiscal year ended June 30, 2010 of \$2,928,471, a decrease of 282% over the prior year's net increase in fund balance of \$1,610,918.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

Proprietary Funds

The District's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

The Health Benefit fund had unrestricted net assets of \$117,661 at June 30, 2010. The total decrease in net assets for the Health Benefit was \$9,547 due to expenses exceeding the contributions.

The following table shows actual revenues, expenses and results of operations for the current fiscal year and in comparison to the prior year:

	<u>Health Benefit</u>		Increase/ (Decrease)
	<u>2010</u>	<u>2009</u>	
Operating revenues	\$4,200,662	\$3,464,192	21%
Operating expenses	(<u>4,210,209</u>)	(<u>3,827,322</u>)	10%
Change in net assets	(\$ <u>9,547</u>)	(\$ <u>363,130</u>)	97%

GENERAL FUND BUDGETARY HIGHLIGHTS

There was no difference between the original and the final budget for estimated revenues.

There was no difference the amount of appropriations originally adopted and the final budget. The District did reallocate budget appropriations during the year between various object categories. Those changes can be briefly summarized as follows:

- Salaries and benefits budget increased by \$535,121 due to higher than anticipated increases in overtime and workers' compensation expenses.
- Services and supplies budget increased by \$263,004 due to an increase in professional and specialized services.
- City provided services budget decreased by \$457,825 to cover increases for salaries and benefits, services and supplies, and other expenses.
- Capital outlay budget decreased by \$350,000 to cover budget increases for salaries and benefits, services and supplies, and other expenses.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

During the year, actual revenues were less than budgetary estimates by \$4,792,266 (excluding refinancing sources). The main components of the negative variance are as follows:

- Property taxes and assessments had a negative variance of \$5,884,786 due to a temporary reallocation of District property taxes to the State of California, annexation of certain unincorporated parcels out of the District and into neighboring cities, and a decline in property values in certain areas of the District.
- Intergovernmental revenues had a positive variance of \$794,431 due to higher than anticipated reimbursements from State and federal grant programs and mutual aid deployments.
- Charges for services had a negative variance of \$475,135 due to lower than anticipated cost of living adjustments in some of the city contracts.
- Miscellaneous revenues had a positive variance of \$906,590 due to a change in how the District accounts for payments for retiree dependent medical coverage.

Actual expenditures were less than budgetary estimates by \$1,032,984 (excluding refinancing uses). The main components of the positive variance are as follows:

- Services and supplies had a positive variance of \$882,746 due to the deferral or elimination of purchases for non-critical items.
- City provided services had a positive variance of \$83,698 due to a decline in property values in the city-contracted area that resulted in lower pass through payments.
- Capital outlay had a positive variance of \$66,177 due to project deferrals.

Overall, the net effect of under-realization of revenues and over-utilization of expenditures versus budgeted amounts resulted in an unfavorable variance of \$3,759,282.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for its governmental activities as of June 30, 2010, amounted to \$29,408,610 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, vehicles, machinery, equipment, and furnishings. The total increase in the District's investment in capital assets for the current period was 4%.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

Major capital asset events during the current fiscal year included the following:

- The Purchase of several vehicles.
- Completion of the Shannon Maintenance Building.
- Sale or disposal of various vehicles and equipment.

For government-wide financial statement presentation, depreciation is not taken in the year acquisition, but a full year of depreciation is taken in the year of disposal. Fund financial statements record capital asset purchases as expenditures.

Capital assets for the governmental activities are presented below to illustrate changes from the prior year:

	<u>Governmental</u> <u>Activities</u>		<u>Increase/</u> <u>(Decrease)</u>
	<u>2010</u>	<u>2009</u>	<u>% of</u> <u>Change</u>
Land	\$ 4,065,549	\$ 4,065,549	-%
Construction in progress	-	1,016,794	(100%)
Buildings	17,429,347	16,632,487	5%
Vehicles, machinery, equipment, and furnishings	<u>22,480,586</u>	<u>19,494,576</u>	15%
Total cost	43,975,482	41,209,406	7%
Less: accumulated depreciation	<u>(14,566,872)</u>	<u>(12,984,234)</u>	12%
Capital assets, net	<u>\$29,408,610</u>	<u>\$28,225,172</u>	4%

Long-term debt

At June 30, 2010, the District had total long-term debt outstanding of \$32,468,416 as compared to \$21,302,154 in the prior year. This amount was comprised of \$2,090,000 of bonds payable (lease revenue bonds); \$470,000 deferred gain from refunded debt; \$6,586,816 of compensated absences; and \$23,321,600 in net OPEB obligations. During the year, bonds payable were refunded resulting in a net decrease of \$760,000; addition of \$470,000 in deferred gain from refunded debt; additions to long-term compensated absences amounted to \$595,729; and an additional \$10,860,533 net OPEB obligation was recognized.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Management's Discussion and Analysis
Year Ended June 30, 2010

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

- The District's labor agreement with its represented bargaining unit is set to expire on November 14, 2010. The District is currently in negotiations with the bargaining unit to extend the existing agreement. The District's financial situation may be impacted to the extent that the new agreement differs from the assumptions used to create the FY 2011 budget. The District does not anticipate any significant impacts to the budget from the new labor agreement.
- The District's jurisdictional decrease in secured property taxes is expected to be close to 3.6%. It is anticipated that most, if not all of this decrease will be in areas that the District contracts with the City of San Jose to provide fire and emergency medical services. The District is forecasting a modest decline in assessed values in the areas in which it is the primary provider of fire and emergency medical services.

All of these factors were considered in preparing the District's budget for fiscal year 2011.

During the current fiscal year, the unreserved, undesignated fund balance in the general fund decreased to approximately \$11 million. Surplus funds of \$1.7 million were used in funding 2011 appropriations.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Santa Clara County Central Fire Protection District, 14700 Winchester Boulevard, Los Gatos, California, 95032.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Reconciliation of the Governmental Funds Statement of Revenues, Expenditures,
and Changes in Fund Balances to the Government-wide Statement of Activities
Governmental Activities
Year Ended June 30, 2010

Net Change in Fund Balances - Total Governmental Funds \$ (2,928,471)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Expenditures for general capital assets, infrastructure, and other related capital assets adjustment	\$ 2,802,673	
Less: current year depreciation	<u>(1,617,137)</u>	1,185,536

In the statement of activities, only the gain on disposal of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase the financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the asset sold, net of related accumulated depreciation.

(2,098)

Repayments of debt principal is an expenditure in the governmental funds, but the repayment reduces the long-term liabilities in the statement of net assets.

Principal repayments		
Bonds payable		290,000

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expenses) of certain activities of the internal service funds is reported with governmental activities.

(9,547)

Prop 1A state borrowing are not revenues but deferred revenues in the governmental funds since it does not meet the availability criterion of modified accrual basis of accounting. These are revenues in the statement of activities since it uses full accrual in which the availability criterion does not apply.

4,181,405

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in accrued interest payable	1,595	
Change in net OPEB obligation	(10,860,533)	
Change in compensated absences	<u>(595,729)</u>	<u>(11,454,667)</u>

Change in Net Assets of Governmental Activities \$ (8,737,842)

Basic Financial Statements –
Notes to the Basic Financial Statements

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 1. REPORTING ENTITY

Formation Date and Administrative Office

The Santa Clara County Central Fire Protection District (the "District") was formed in January 1947 under the California Health and Safety Code. The District's administrative office is located at:

14700 Winchester Boulevard
Los Gatos, California 95032
Phone (408) 378-4010
Fax (408) 378-4079

History and Formation

The Central Fire Protection District is a full service fire department which has evolved through fire district consolidations. In 1947, two agencies, the Cottage Grove Fire District and the Oakmead Farms Fire District were consolidated and were joined with other agencies of unincorporated areas that had no fire protection to become the Central Fire Protection District in Santa Clara County.

Governing Board

The County Board of Supervisors is the governing body of the District. Management of the District's affairs is delegated to the board of directors. The District Board of Directors were comprised of the County Board of Supervisors at June 30, 2010:

Ken Yeager, President
Dave Cortese, Vice-President
Donald Gage
George Shirakawa
Liz Kniss

Administrative Officers

The chief administrative officers of the District at June 30, 2010, were:

Kenneth L. Waldvogel, Fire Chief
Fred Schulenburg, Director of Business Services

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 1. REPORTING ENTITY - Continued

Present Operations

The District serves the areas of Santa Clara County not protected by other fire departments, districts, or the State Division of Forestry. The District exists to protect the lives, property, and environment within the communities served from fires, disasters, and emergency incidents through education, prevention, and emergency response. Funding is provided primarily through property taxes and contracts for fire protection services.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The District also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The most significant of the District's accounting policies are described below:

A. Basis of Presentation

Government-wide Financial Statements

The statement of net assets and statement of activities display information about the District. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal service fund activities. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of goods or services offered by the programs. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

When both restricted and unrestricted net assets are available, restricted resources are used only after the unrestricted resources are depleted.

Fund Financial Statements

Fund financial statements of the District are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. Separate statements for each fund category are presented. The emphasis of fund financial statements is on major governmental and enterprise funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The District does not have nonmajor governmental funds. The internal service fund is presented in a single column in the proprietary fund financial statements.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

Governmental Funds

The District reports one major governmental fund:

- The *General Fund* is the primary operating fund of the District and is always classified as a major fund. It is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the District that are not accounted for through other funds. For the District, the General Fund's primary activity is public protection.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Proprietary Fund

The District reports one proprietary fund:

- *Internal Service* accounts for the financing goods or services provided by one department or agency to other departments or agencies of the District, or to other governments, on a cost reimbursement basis. The District has one Internal Service Fund, the Health Benefit Fund, which accounts for the finance activities of the District's self funded health insurance program for its employees, retirees and eligible dependents (via Coastal Healthcare Administrators, a third party administrator).

Fiduciary Fund (Not included in the government-wide statements)

The District reports one fiduciary fund:

- *Workers Compensation* is used to account for assets held by the District to meet present and future workers' compensation claims liabilities.

B. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

The government-wide, proprietary, and fiduciary fund financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The accounting objectives of the economic resources measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Fund equity is classified as net assets.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

The governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting.

In the current financial resources measurement focus, only current financial assets and liabilities are generally included on the balance sheets. The operating statements present sources and uses of available spendable financial resources during a given period. The fund balance is used as the measure of available spendable financial resources at the end of the period.

Under the modified accrual basis of accounting, revenues are recognized when measurable and available. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. Expenditures (including capital outlay) are recorded when the related liability is incurred, except for debt service expenditures (principal and interest), as well as expenditures related to compensated absences which are reported when due.

C. Budgets and Budgetary Accounting

The District, as per California Health and Safety Code Section 13895, adopts final annual operating budgets before October 1. From the effective date of the budget, which is adopted by the Board of Directors after public hearings, the proposed expenditures become appropriations. The Fire Chief generally may transfer appropriations among programs. Unencumbered and unexpended appropriations lapse at fiscal year-end. During the year, supplemental appropriations were approved by the Board of Directors.

Budgeted revenues and expenditures in the financial statements represent the original budget modified by authorized adjustments during the year. Budgeted expenditure amounts represent original appropriations adjusted for supplemental appropriations during the year that were contingent upon new or additional revenue sources and reappropriated amounts for prior year encumbrances. Expenditures may not legally exceed budgeted appropriations at the object category level.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary accounting in the General Fund. Encumbrances outstanding at year-end are reported as reservation of fund balance since they do not constitute expenditures or liabilities.

D. Cash and Cash Equivalents

For purposes of the accompanying statement of cash flows, the internal service fund considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

E. Capital Assets

In the government-wide financial statements, capital assets (fixed assets) are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair market value on the date of donation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation expense is provided over the assets' estimated useful lives using the straight-line method of depreciation. The estimated useful lives, by type of asset, are as follows:

Buildings	50 years
Vehicles, machinery, equipment, and furnishings	5 to 20 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Upon sale of capital assets, the proceeds from sale of capital assets is included in the results of operations as other financing sources.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

F. Long-term Debt

All long-term debt to be paid from governmental resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of compensated absences and bonds payable.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest are reported as expenditures.

G. Compensated Absences

The District's employees earn vacation which may either be taken or accumulated, up to certain amounts, until paid upon retirement or termination. There is no accrual limit on sick leave; however, there are various restrictions and limitations on the sick leave pay-off upon termination depending on the employee group and retirement factors. For all funds, this liability reflects amounts attributable to employee service already rendered, cumulative, probable for payment and reasonably estimated.

The District accrues accumulated unpaid compensated absences when earned (or estimated to be earned) by the employee. The liability for these compensated absences is recorded as long-term debt in the government-wide statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources as accrued salaries and benefits.

H. Equity Classifications

In the government-wide and proprietary fund financial statements, equity is classified as net assets and divided into three components:

- *Invested In Capital Assets, Net of Related Debt* – This category groups all capital assets into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- *Restricted Net Assets* – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation. There were no restricted net assets as of June 30, 2010.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- *Unrestricted Net Assets* – This category represents net assets of the District, not restricted for any project or other purpose.

In the governmental fund financial statements, equity is classified as fund balance. Reservations and designations segregate portions of fund balance that are either not available or have been earmarked for specific purposes. The various reservations and designations are established by actions of the Board and management and can be increased, reduced or eliminated by similar actions. There were no fund balance reservations as of June 30, 2010.

Portions of unreserved fund balance may be designated to indicate tentative plans for financial resource utilization in a future period, such as for general contingencies or capital projects. Such plans or intent are subject to change and have not been legally authorized or may not result in expenditures. Fund balance designations as of June 30, 2010 were for future and OPEB expenditures.

I. Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

J. Subsequent Events

Management has evaluated subsequent events through August 27, 2010.

NOTE 3. PROPERTY TAX

The reported lien date is January 1 for secured and unsecured property taxes.

In accordance with Government Code Section 29100, on or before September 1, the Board of Supervisors shall adopt the rates of taxes on the secured roll. The Tax Collector then completes the tax bill processing by the end of September. The Revenue and Taxation Code specifies that the Tax Collector shall issue secured tax bills by November 1.

The due dates and delinquency dates for secured taxes are as follows:

- Due date for the first installment is Nov. 1, delinquent after Dec. 10.
- Due date for the second installment is Feb. 1, delinquent after April 10.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 3. PROPERTY TAX - Continued

On July 19, 1993, the County Board of Supervisors, adopted the Alternative Method of Tax Apportionment "Teeter Plan". Under this plan the District receives annually the full amount of its share of property taxes on the secured rolls. In return, the County receives all future delinquent tax payments otherwise due to the District.

NOTE 4. CASH AND INVESTMENTS

The cash balance of the District's General Fund, Capital Project, and the Workers Compensation Trust Fund are pooled and invested by the County's Treasurer in the pooled cash investment program ("Pool") for the purpose of increasing earnings through investment activities. The County's pooled deposits and investments are regulated by California Government Code and by a County investment policy approved annually by the County Treasury Oversight Committee and the Board. At fiscal year end, the County provides the participants' the pooled investments' fair value, based on quoted market prices. The County allocates interest to the District based on the District's average daily cash balance relative to the entire Pool. The value of the participants' pool shares that may be withdrawn is determined on an amortized basis, which is different than the fair value of the participants' positions in the pool. In addition, the County's investment pool is not rated by any of the credit rating agencies. The County's comingled pool consists of cash in bank, U.S. government and agency securities, corporate bonds, negotiable certificates of deposit, commercial paper, securities lending collateral, and deposits in the State's Local Agency Investment Fund. Additional information regarding the County's investment policy and cash and investments, including interest rate risk, credit risk, custodial credit risk categories, securities lending transactions, and maturities of the different categories of investments, can be found in the County's notes to the basic financial statements.

The cash balances for the Health Benefit Fund were held in a bank account by the health plan's third party administrator, Coastal Healthcare Administrators, in Salinas, California. The account is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 4. CASH AND INVESTMENTS - Continued

Cash and investments at June 30, 2010 consists of the following:

	<u>Carrying Amount</u>	<u>Fair Value</u>
Cash and investments with the County Treasury common pool:		
General Fund - District Maintenance	\$15,256,034	\$15,305,613
General Fund - Retiree Medical	2,309,546	2,317,051
Fiduciary - Worker's Compensation	10,515,149	10,549,321
Proprietary - Health Benefit (restricted)	117,661	117,661
Petty cash	<u>2,100</u>	<u>2,100</u>
Total cash and investments	<u>\$28,200,490</u>	<u>\$28,291,746</u>

Governmental Accounting Standards Board, Statement No. 31, "Accounting and Financial Reporting for Certain Investment and for External Investment Pools" establishes accounting and financial reporting standards for all investments held by governmental external investment pools. The statement requires governmental entities to report investments at fair value.

Based on the County's calculations, the application of GASB, Statement No. 31, would increase the District's cash balance and interest and investment income (use of money and property, in the fund financials) by \$49,579 for the General Fund-District Maintenance, \$7,505 for General Fund-Retiree Medical, and \$34,172 for Fiduciary-Worker's Compensation. However, since the effect of the application of GASB 31, in this instance, is not material, the District's cash and investments account is stated at cost.

Year Ended June 30, 2010

NOTE 6. CAPITAL ASSETS

The capital asset activity for the year ended June 30, 2010 is as follows:

	Balance <u>6/30/09</u>	Additions/ <u>Adjustment</u>	Disposals/ <u>Adjustment</u>	Balance <u>6/30/10</u>
Land	\$ 4,065,549	\$ - .	\$ - .	\$ 4,065,549
Construction in progress	1,016,794	(1,016,794)	- .	- .
Buildings	16,632,487	796,860	- .	17,429,347
Vehicles, machinery, equipment, and furnishings	<u>19,494,576</u>	<u>3,022,607</u>	<u>(36,597)</u>	<u>22,480,586</u>
Totals at historical cost	<u>41,209,406</u>	<u>2,802,673</u>	<u>(36,597)</u>	<u>43,975,482</u>
Less accumulated depreciation				
Buildings	4,318,271	318,607	- .	4,636,878
Vehicles, machinery, equipment, and furnishings	<u>8,665,963</u>	<u>1,298,530</u>	<u>(34,499)</u>	<u>9,929,994</u>
Total accumulated depreciation	<u>12,984,234</u>	<u>1,617,137</u>	<u>(34,499)</u>	<u>14,566,872</u>
Capital assets, net	<u>\$28,225,172</u>	<u>\$1,185,536</u>	<u>(\$2,098)</u>	<u>\$29,408,610</u>

For the year ended June 30, 2010, depreciation expense charged to public protection under governmental activities was \$1,617,137.

NOTE 7. WORKERS COMPENSATION

As of July 1, 1979, the District began self-insuring workers compensation claims. The District Workers Compensation Program is administered by the County of Santa Clara. The County's policy is to accrue a liability for anticipated losses as claims are received based upon the probability of payout against each claim.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 8. LONG-TERM DEBT

A. Bonds Payable

On February 18, 2010, the Santa Clara County Financing Authority issued \$50,110,000 in lease revenue bonds with an average coupon rate of 4.53% to refund \$15,595,000 in outstanding 1998 Series A lease revenue bonds with an average interest rate of 4.60% and \$37,245,000 in outstanding 2000 Series B lease revenue bonds with an average interest rate of 5.50%. The net proceeds of \$53,839,005 (including a premium of \$4,263,916 and a payment of \$539,703 in underwriting fees and other issuance costs) plus an additional \$654,811 in reserve funds from the 1998 Series A Lease revenue bonds and the 2000 Series B lease revenue bonds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 1998 Series A lease revenue bonds and the 2000 Series B lease revenue bonds. As a result, the 1998 Series A lease revenue bonds and the 2000 Series B lease revenue bonds are considered to be defeased and the Fire District's share of the liability for the 1998 Series A bonds has been removed from the government-wide statement of net assets.

The Santa Clara County Financing Authority refunded the 1998 Series A lease revenue bonds and the 2000 Series B lease revenue bonds to reduce its total debt service payments over the next seven (7) years by almost \$5.2 million and to obtain an economic gain of \$856,113. The Fire District's share of the remaining debt on the 1998 Series A lease revenue bonds was \$2,560,000. The Fire District's share of the 2010 Series N refunding bonds is \$2,090,000 for a net reduction in principal payments of \$470,000 and interest payments of \$76,175 over the next seven (7) years. The economic gain attributable to the Fire District's share of the refinancing is \$133,126.

As of June 30, 2010, the outstanding principal balance amounted to \$2,090,000. The annual requirements to amortize debt outstanding are as follows:

Year ending June 30:	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2011	\$ 305,000	\$120,037	\$ 425,037
2012	320,000	106,313	426,313
2013	265,000	67,500	332,500
2014	285,000	54,250	339,250
2015	290,000	42,850	332,850
2016-2017	<u>625,000</u>	<u>43,150</u>	<u>668,150</u>
Bond payable	\$2,090,000	<u>\$434,100</u>	<u>\$2,524,100</u>
Deferred gain on refunding	<u>470,000</u>		
Total	<u>\$2,560,000</u>

NOTE 8. LONG-TERM DEBT - Continued

B. Compensated Absences

As of June 30, 2010, the District's long-term compensated absences amounted to \$6,586,816 as reported in the government wide statements. The current portion of \$1,885,740 is included in the accrued salaries and benefits account.

C. Changes in Long-term Debt

The following is a summary of changes in long-term debt for the year ended June 30, 2010:

	Balance July 1, 2009	Additions/ Adjustments	Deductions	Balance June 30, 2010	Due within one year	Due beyond one year
Bonds Payable	\$ 2,850,000	\$ 2,090,000	\$2,850,000	\$ 2,090,000	\$305,000	\$ 1,785,000
Deferred gain on refunding	-	470,000	-	470,000	67,143	402,857
Compensated absences	5,991,087	595,729	-	6,586,816	-	6,586,816
Net OPEB Obligation (see Note 10)	<u>12,461,067</u>	<u>10,860,533</u>	<u>-</u>	<u>23,321,600</u>	<u>-</u>	<u>23,321,600</u>
Totals	<u>\$21,302,154</u>	<u>\$14,016,262</u>	<u>\$2,850,000</u>	<u>\$32,468,416</u>	<u>\$372,143</u>	<u>\$32,096,273</u>

NOTE 9. PENSION PLAN

A. Plan Description

The Santa Clara County Central Fire Protection District contributes to the California Public Employees Retirement System (the "CalPERS"), an agent multiple-employer public employee defined benefit pension plan, which acts as a common investment and administrative agent for participating public entities within the State of California. CalPERS offers a menu of benefit provisions and other requirements that are established by State statutes within the Public Employee Retirement law. The District selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. CalPERS issues a separate comprehensive annual financial report. Copies of CalPERS' annual financial report may be obtained from its Executive Office – 400 P Street, Sacramento CA 95814.

The District's two defined benefit pension plans (Miscellaneous Plan and Safety Plan) with CalPERS provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. All permanent employees (full-time and part-time) are required to participate in CalPERS.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 9. PENSION PLAN – Continued

B. Pension Plan Benefits

Benefits for employees in the Miscellaneous Plan and Safety Plan vest after five year of CalPERS credited service. The retirement benefits under both plans are based on the retiree's age, years of CalPERS credited service, and a benefit factor of 2.7% at 55 for Miscellaneous Plan members and 3% at 50 for Safety Plan members. These plans include a pre-retirement Option 2W Death Benefit.

- Miscellaneous Plan

Participants in this plan are eligible for service retirement and receive graduated benefits upon attaining the age of 50 and with at least five years of credited service with a CalPERS employer. The service retirement benefit is a monthly allowance equal to the product of the benefit factor (2.7% at 55), years of service, and final compensation (monthly average of the members highest 12 consecutive months' full-time equivalent monthly pay). The services retirement for this group is not capped.

- Safety Plan

Participants in this plan are eligible for service retirement benefits upon attaining the age of 50 and with at least five years of credited service with a CalPERS employer. The service retirement benefit is a monthly allowance equal to the product of the benefit factor (3% at 50), years of service, and final compensation (monthly average of the members highest 12 consecutive months' full-time equivalent monthly pay). The service retirement benefit for the Safety Plan is capped at 90% of final compensation.

C. Funding Policy

Permanent employees are required to make contributions to their account. The member employees' contribution rates are set by State statute and only change with significant contract amendments. During the fiscal year 2009-10, the Miscellaneous Plan Members rate, as a percentage of wages, was 8% while the Safety Plan Members rate was 9%.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 9. PENSION PLAN – Continued

The District is required to contribute the remaining amounts necessary to fund the benefits for its members, using the actuarial basis recommended by CalPERS actuaries and actuarial consultants and adopted by the Board of Administration (the employer rate). The District's payroll for employees covered by CalPERS for fiscal year ended June 30, 2010 was \$37,348,090 (consisting of \$5,087,488 for Miscellaneous Plan employees and \$32,260,602 for Public Safety Plan employees), out of the total payroll for the District of \$43,796,359. The CalPERS employer rate and annual costs are described below.

D. Annual Pension Cost

The required contribution for the year ended June 30, 2010 was determined as part of the June 30, 2007, actuarial valuation using the entry age normal actuarial cost method with the contributions determined as a percent of pay. The Entry Age Normal Actuarial Cost Method is a projected benefit cost method, which takes into account those benefits that are expected to be earned in the future, as well as those already accrued.

According to this cost method, the normal cost for an employee is the level amount that would fund the projected benefit if it were paid annually from the date of employment until retirement. CalPERS uses a modification of the Entry Age Normal Actuarial Cost Method in which the District's total normal cost is expressed as a level percent of payroll. CalPERS also uses the level percentage of projected payroll method to amortize the any unfunded liabilities (or excess assets) on a closed basis over the remaining amortization period. The remaining amortization period as of June 30, 2007 was 17 years for the Miscellaneous Plan and 32 years for the Safety Plan.

The significant assumptions used to compute the actuarially determined contribution requirement for the year ended June 30, 2010 included the following:

- A rate of return on the investment of present and future assets of 7.75% per year compounded annually.
- Projected salary increases that vary by duration of service ranging from 3.25% to 14.45% for Miscellaneous Plan members, and 3.25% to 13.15% for Safety Plan members.
- Overall payroll growth of 3.25% compounded annually.
- Inflation factor of 3.00% compounded annually.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 9. PENSION PLAN – Continued

The District's actuarial required contribution rates and incurred costs paid to CalPERS for the last three fiscal years are as follows:

Fiscal Year Ending	Required Contribution Rates for Safety	Required Contribution Rates for Miscellaneous	Annual Pension Cost (APC) for Safety and Miscellaneous Employees	Percentage of APC Contributed	Net Pension Obligation
6/30/08:					
Jul – Nov	26.584%	13.680%	\$2,957,772	100%	\$ -
Nov – Jun	26.584%	19.500%	\$4,414,006	100%	-
6/30/09	26.177%	20.530%	\$9,249,928	100%	-
6/30/10	26.490%	19.915%	\$9,489,417	100%	-

Actuarial Valuation Date	Actuarial Accrued Liability (AAL)	Actuarial Value of Assets (AVA)	Unfunded Actuarial Liability (UAAL)	Funded Ratios	Annual Covered Payroll	UAAL as a % of Payroll
<u>MISCELLANEOUS PLAN:</u>						
6/30/08	\$1,823,366,479	\$1,529,548,799	\$293,817,680	83.9%	\$414,589,514	70.9%
<u>SAFETY PLAN:</u>						
6/30/08	323,645,269	275,529,958	48,115,311	85.1%	26,396,673	182.3%

Above is the funded status as of the latest valuation date. The schedule of funding progress is presented in the RSI.

NOTE 10. HEALTH BENEFIT

The District provides lifetime medical coverage to retirees who meet certain eligibility requirements. Currently, employees who retire directly from the District, have accrued seven years of service and were hired between January 1, 1995 and December 31, 2006, inclusive, or retire directly from the District, have accrued 10 years of service and were hired after December 31, 2006 are eligible. The District provides lifetime medical insurance to a retiree and his/her spouse if the retiree retired on or before January 1, 1978. The District will pay for the spouse's coverage so long as the retiree maintains eligibility. An employee who retires after January 1, 1978 may include his/her dependent on the plan at the retiree's cost.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 10. HEALTH BENEFIT – Continued

Presently the District offers two health plans: Kaiser Permanente (HMO) and a self-funded indemnity-type plan that has a preferred provider discount feature (Coastal Healthcare Administrators, a third party administrator). Each plan offers a prescription drug benefit. As of June 30, 2010, the District set aside \$2,309,546 of cash which may eventually be set up as a health benefit trust fund.

Annual Required Contributions	\$14,263,400
Interest on Net OPEB Obligation	364,400
Amortization of NOO	(<u>623,800</u>)
Annual OPEB Cost	\$14,004,000
Benefit Payments	(2,829,600)
NOO at beginning of year, as restated	<u>12,147,200</u>
NOO at end of year	<u>\$23,321,600</u>

<u>Fiscal</u> <u>Year</u> <u>Ending</u>	<u>Annual</u> <u>OPEB</u> <u>Cost</u>	<u>Percentage of</u> <u>Annual OPEB</u> <u>Cost Contributed</u>	<u>Net</u> <u>OPEB</u> <u>Obligation</u>
6/30/09	\$14,593,000	15%	\$12,461,067
6/30/10	14,004,000	20%	23,321,600

The latest actuarial valuation report is as of June 30, 2010. For this valuation the Projected Unit Credit method was used, which spreads costs from hire to the projected date of full eligibility for plan benefits. The amortization used here is level dollar over a static 30 years. Interest cost is approximately a full year of 3% on AAL, plus a half year of 3% on the excess of Normal Cost over Benefit Payments. Discount rate and compensation increase rates are both 3% per annum. The actuarial valuation of the postretirement welfare benefits is available directly from the District.

SANTA CLARA COUNTY CENTRAL FIRE PROTECTION DISTRICT
Notes to the Basic Financial Statements
Year Ended June 30, 2010

NOTE 11. PROPOSITION 1A BORROWING BY THE STATE OF CALIFORNIA

Under the provisions of Proposition 1A and as part of the 2009-10 budget package passed by the California state legislature on July 28, 2009, the State of California borrowed 8% of the amount of property tax revenue, including those property taxes associated with in-lieu motor vehicle license fee, the triple flip in lieu sales tax, and supplemental property tax, apportioned to cities counties and special districts (excluding redevelopment agencies). The state is required to repay this borrowing plus interest by June 30, 2013. After repayment of this initial borrowing, the California legislature may consider additional borrowing within a ten-year period. The amount of this borrowing pertaining to the District was \$4,181,405.

This borrowing by the State of California was recognized as a receivable in the accompanying financial statements. Under the modified accrual basis of accounting, the borrowed tax revenues are not permitted to be recognized as revenue in the governmental fund financials until the tax revenues are received from the State of California (expected to be fiscal year 2012-13). In the government-wide statements, the tax revenues were recognized in the fiscal year for which they were levied (fiscal year 2009-10).

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Santa Clara County Central Fire Protection District
Los Gatos, California

We have audited the accompanying financial statements of the governmental activities, major fund and the aggregate remaining fund information of the Santa Clara County Central Fire Protection District (the "District"), a component unit of the County of Santa Clara, as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements and have issued our report thereon dated August 27, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the management, the County of Santa Clara, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
