

SANTA CLARA COUNTY FIRE DEPARTMENT

Congratulations! You are the winning bidder for the Santa Clara County Fire Department Fire Safety Basket.

To schedule your station tour:

The best way for you to schedule your Station Tour and any program requests will be via our department website.

When you log on to our website at www.sccfd.org, there will be three ways to find the "Request Program" link:

1. Hover over Education & Preparedness (4th tab in black bar) and scroll down to "Request a Program"
2. Click on the Education & Preparedness tab and then select "Request a Program" from menu on left-hand side of page
3. Hover over "Find it Fast" at the very top of the home page and click on "Request a Program"

Complete all pertinent information pertaining to your request (Options for specific dates, and times, etc.) Please choose dates that are at least 2-3 weeks out as this provides us the necessary time to schedule our crew. Once we schedule your request, we will email you to confirm your tour. ***Please be sure to mention the certificate when scheduling.**

NOTE: SCCFD does not host any special celebrations inside the fire station; firefighters remain in service 24hrs a day to respond to emergency calls. So, we ask that you do not bring any "party" items (i.e., cake, food, banner, balloons, etc.) into the fire station. You may, however, bring the firefighters a treat from your child as this is a common request but is certainly not necessary to do so. We hope you enjoy your station tour!
